

# Product Information Sheet

## Features

- Recognized by U.S. EPA's Design for the Environment Program
- Highly concentrated non-butyl degreaser
- Proprietary packaging for use with the MIX RIGHT System, which is a dispensing system that ensures proper dilution
- Very effective on oil stains
- Works well in hard or soft water, and hot or cold water
- Non-flammable, non-corrosive
- Emulsifier: holds grease in suspension
- Also available in larger packaging for use where dispensing system is not desired

## Description

GREEN CLEAN is a DfE certified performance cleaner that deodorizes while it removes soils and greases from all surfaces. GREEN CLEAN is the cleaner of the future because it has no harmful toxic vapors, making it more appealing than water-soluble solvent cleaners. This product is environmentally appealing because it contains no soaps, phosphates, cellosolves, or highly toxic solvents. It is recommended for use where water-soluble solvent cleaners cannot be used and anywhere greasy, oily soils exist. This concentrate is authorized for use in federally inspected meat and poultry plants, but a potable water rinse is required after use.

## Areas of Use

- Food processing plants
- Offices
- Garages
- Farms
- Distilleries
- Lounges
- Factories
- Schools
- Nurseries
- Golf courses
- Restaurants
- Service stations
- Clinics
- Hospitals
- Meat processing plants

## Applications

- Walls
- Floors
- Steel files
- Fans
- Tires
- Machinery
- Tile
- Engines
- Brick
- Showers
- Plastics
- Conveyors
- Bathrooms
- Pools
- Lockers
- Grills
- Rubber
- Sinks
- Filters
- Utensils

## Directions

Follow directions for dispensing the proper diluted solution with the MIX RIGHT dispensing system. Apply solution with a mop, sponge, or trigger sprayer.

**A POTABLE WATER RINSE IS REQUIRED WHEN USED IN FEDERALLY INSPECTED MEAT AND POULTRY PLANTS.**

Dilute solution based on the following chart:

- Routine maintenance: 1:100
- Light cleaning: up to 1:50
- General cleaning: 1:25
- Heavily soiled surfaces: 1:10

For exceptionally stubborn soils, repeat cleaning procedure at a more concentrated dilution. Rinse thoroughly after use.

## Product Characteristics

|                                    |   |
|------------------------------------|---|
| Appearance                         | Clear, green liquid   |
| Odor                               | Clean   |
| Boiling Point (Est.)               | >212°F  |
| Solubility in Water                | Complete  |
| Evaporation Rate (Butyl Acetate=1) | N/E   |
| Specific Gravity (H2O=1)           | 1.04  |
| Vapor Pressure (mmHg)              | N/E   |
| Vapor Density (air=1)              | N/E   |
| Flash Point (Method Used)          | No flash (Standard method)  |
| PH Concentrate                     | 11.5  |
| Storage                            | Store in a cool, dry place out of reach of children. Keep container closed when not in use. |
| Transport information              |   |
| Class #                            | 55  |
